

## **Don't give Permission**

The Lord has shown me many years ago to be specific in my prayers, a lot of our prayers don't seem to get the results that some of our prayers do. This is because some are specific while others are in generalities, by this I will give you a real to life incident that happen in my life just these past few days.

First of all, I have taught that you don't even have to put up with the common cold because Jesus paid for EVERY disease, sickness or ailment that ever WAS, WILL BE or EVER SHALL BE on Calvary's cross.

I felt a sore throat coming on, and so I immediately took authority over it and cast it out and told satan he was the father of lies and to take his tempting, lying symptom and go, for with his stripes we WERE healed. It wasn't 10 minutes and all was well, about an hour later my sinuses started to clog up. So I immediately did the whole process over and this time I spoke to my sinuses. Thats right! in a few minutes they were clear.

That evening I felt a tightening in my chest and I knew that Satan was trying to afflict me with a cold, I immediately got angry with him and said I refuse to give you permission to my lungs, sinuses, throat or whatever else.

The next day I felt a tickling in my chest and the tightening was back so I just thanked the Lord for his healing and protection.

**(Psalms 91:5-10) (Psalms 103:1-5)**

Something just didn't seem right, so I started to examine myself and my motives, was it self riotousness, because I have been telling others that they can refuse the devils ploys. Don't let him get a toehold, as, if you do, it is harder and more time consuming to get him out after. ( How many have ever heard or experienced a renter that somebody was trying to evict and they didn't want to go. This is similar)

In examining myself, I questioned the Lord as to WHY when I took authority over the sore throat, sinuses and lungs, they disappeared in a quick fashion and by now I had a cold and had a hard time talking. "The Lord answered and said" "Do you have a sore

throat"?. My answer was NO, "Do you have plugged sinuses"?, again NO. "Do you have congested lungs"? again NO  
Then it hit me, I can breath good, no sore throat nor are my sinuses or eyes afflicted, WHY you say, it was because I didn't and would not give Satan permission to afflict them. But I never said anything about my bronchial tubes. By this time I had faith but unbelief so I took some cough syrup and Vicks. I new that through my ignorance and unbelief I had given Satan permission. I then took authority over this bronchial cold and immediately I sensed the tightness leave and the mucus start to loosen. I ask the Lord forgiveness for my ignorance and unbelief and what should I do now? "He said: Keep on doing what your doing"

Just remember, the longer you give Satan permission, the longer it will take evict him.

When one ignores the symptoms or verbally say you have a cold, flu or whatever, **YOU ARE GIVING the DEVIL PERMISSION TO AFFLICT YOU.**

**Proverbs 18:21\* Death and life are in the power of the tongue: and they that love it shall eat the fruit thereof.**
